About the Annual Awards Banquet

The US India Chamber of Commerce Annual Awards Banquet is one of North Texas’s premier business and community gatherings, bringing together more than 800 influential leaders from across the business, government, and civic communities.

Each year, the Banquet celebrates the exceptional accomplishments of distinguished business professionals, entrepreneurs, industry leaders, and community servants whose vision, leadership, and contributions are shaping the future of North Texas and strengthening the US–India relationship.

More than an awards ceremony, the Annual Awards Banquet is a powerful platform for **connection, recognition, and opportunity**. It brings together an extraordinary cross-section of executives, entrepreneurs, investors, elected officials, community leaders, and decision-makers—creating an environment where relationships are strengthened, partnerships are formed, and new opportunities emerge.

As one of the Chamber’s signature events, the Banquet reflects the growing influence of the US–India business community and its important role in the economic and civic fabric of North Texas.

It is an evening that celebrates achievement, brings leaders together, and builds the relationships that shape what comes next.
